If budgeting 1 credit in the summer, subtract these figures from the summer semester rates:	1,274	1,338	1,405	1,475

Rates in the academic year are based on 9 to 12 credits (depending on the department) and may include estimated lab fees. Rates in the summer semester are based on 3 credits and may also include estimated lab fees. The student is responsible for all charges above the calculated departmental cap (9 to 12 cr. ay, 3 cr. su.). A 5% increase should be applied in future years.
